D-CAPS 2027 Workshop Program

International Workshop on Data, Computing, and Communication Infrastructure for Autonomous Physical Systems

Sunday, April 4, 2027 · Cal Poly Pomona, Pomona, California

Workshop website: int-lab.github.io/dcaps2027

Proposed program

The morning and afternoon sessions each feature five papers, with time for questions. All times are Pacific daylight time.

Time (Pacific)	Session
9:00–10:00 a.m.	Keynote and audience Q&A
10:00–10:20 a.m.	Coffee break
10:20 a.m.–noon	Paper presentations
Noon–1:30 p.m.	Lunch
1:30–2:00 p.m.	Industry panel and audience Q&A
2:00–3:20 p.m.	Paper presentations
3:30–3:35 p.m.	Closing remarks

Keynote and industry panel

The co-chairs will announce the keynote speaker and panelists after workshop acceptance. Industry panelists will discuss infrastructure constraints in deployment, their effects on the physical system, and open research questions.

Workshop co-chairs

Qiang Liu, University of Nebraska–Lincoln · qiang.liu@unl.edu

Nakjung Choi, Nokia Bell Labs · nakjung.choi@nokia-bell-labs.com
