D-CAPS 2027 Workshop Program

International Workshop on Data, Computing, and Communication Infrastructure for Autonomous Physical Systems

Sunday, April 4, 2027 · Cal Poly Pomona, Pomona, California

Workshop website: int-lab.github.io/dcaps2027

Program

The morning and afternoon sessions each feature five papers, with time for questions. All times are Pacific daylight time.

Time (Pacific)	Session
9:00–10:00 a.m.	Keynote and audience Q&A
10:00–10:20 a.m.	Coffee break
10:20 a.m.–noon	Paper presentations
Noon–1:30 p.m.	Lunch
1:30–2:00 p.m.	Industry panel and audience Q&A
2:00–3:20 p.m.	Paper presentations
3:30–3:35 p.m.	Closing remarks

Keynote and industry panel

The co-chairs will announce the keynote speaker and panelists soon. Industry panelists will discuss infrastructure constraints in deployment, their effects on the physical system, and open research questions.

Workshop co-chairs

Qiang Liu, University of Nebraska–Lincoln · qiang.liu@unl.edu

Nakjung Choi, Nokia Bell Labs · nakjung.choi@nokia-bell-labs.com
